

McKay Métis Group of Companies and Brenntag announce major long-term agreement – Will create dominant hub for energy and mining chemicals in Northern Alberta

For immediate release

June 10, 2021

Fort McMurray, Alberta – Brenntag Canada Inc., part of Brenntag SE, the global market leader in chemicals and ingredients distribution, and the McKay Métis Group of companies, through Fort McKay Industrial Solutions (FMIS), have announced the signing of a long-term agreement to create and become the dominant hub for energy and mining chemicals in Northern Alberta.

The agreement will create a “one stop shop” for all mining and energy sector chemical requirements in the region and will be growth-focused.

According to Volkan Celik, COO for Fort McKay Industrial Solutions “This agreement allows each organization to focus on their core capabilities. Brenntag is the largest chemical distributor in the world. Among other services, they focus on managing end-to-end chemical supply and distribution. FMIS’s core capability is data driven operational excellence. FMIS has successfully deployed many custom digital solutions to neighbouring operators, streamlining and digitizing the financial management, inventory management and requisition-to-pay processes.”

“Brenntag Canada is very pleased and excited to announce our long-term agreement with FMIS. We feel honored and privileged to have the opportunity to build a long-term relationship which recognizes the ancestry, heritage, and gifts of the Indigenous peoples of Canada. Both Brenntag & FMIS are committed to sustainable long-term goals, values and principles that support the environment and communities we live and work in,” said Martin Jette, President, Brenntag Essentials Canada.

“The implications of this agreement go beyond just business,” said Crystal Young, CEO of the McKay Métis Group of Companies, “it shows the strengths that emerge when business and local communities work together towards a common goal of sustainable economic development. This is a game-changing milestone for us, but it is also a tremendous example for Canada.”

The relationship agreement has been signed and is effective.
